1. I woke up
Feeling better than yesterday.
Doesn't matter if the clouds are grey,
Today will be a good day
Because I love
Everything about me.
All my different qualities
Remind me that I'm unique.

I know that I can achieve
Any and all of my dreams.
Don't have to see it
To believe.

*In me I trust
That I'm enough.
I will not hide
My sense of pride.*

*I know I'm loved,
I'm lifted up,
So I'll choose this day
To celebrate.*

Now... switch it up!

2. I know at times I can feel a
little different,
But that don't mean I ain't proud of
my existence.
And in a way that's what makes us
all gifted.
It took a while but that's when my
mind shifted.

Spending time watching everybody
else's life,
Feeling low 'cos you tell yourself a
little lie
That they're the only ones who ever do
anything right,
If you stay down you won't see that
you were born to fly.

I know that I can achieve
Any and all of my dreams.
Don't have to see it
To believe.

*In me I trust
That I'm enough.*

*I will not hide
My sense of pride.*

*I know I'm loved,
I'm lifted up,
So I'll choose this day
To celebrate.*

[spoken]
In me I trust
That I'm enough.
In me I trust
That I'm enough.

[sung]
In me I trust that I'm enough.
In me I trust that I'm enough.
In me I trust that I'm enough.
In me I trust that I'm enough.
In me I trust that I'm enough.
In me I trust.

*In me I trust
That I'm enough.
I will not hide
My sense of pride.*

*I know I'm loved,
I'm lifted up,
So I'll choose this day
To celebrate.*

In me I trust.
