| <b>Starter</b>                  | <p>This week we are going to make a mini beast out of recycled materials or using the print outs of cardboard mini beasts</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| <b>Parent</b>                   | <p>The children will need to look at the resources available before deciding on which mini beast to make. It is best to use recycled materials - things that you might be throwing away such as boxes, egg boxes, bottle tops, straws or pipe cleaners and bottles. They will also need something to fix them together with - the best thing is masking tape as they can tear that themselves but pieces of pre-cut sellotape would also work well. Glue is not so instant and could get quite messy so if you were using this, <b>it would be important for them to have supervision.</b></p> <p>It would also be <b>vital to supervise any cutting with scissors</b> as there is a risk that they could slip and injure themselves if trying to cut into plastic or tough cardboard.</p> <p>Alternatively if you do not have these resources at home, please download and print the cardboard mini beasts to be used with split pins or just stapled together.</p> |
| <b>Activity with your child</b> | <p>Here are some other ideas:</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Parent</b>                   | <p>You could send in the photo of your mini beast for the Artist of the Month May competition if you wish.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
