

History Week 7	Who was Sir Ernest Shackleton?		
Starter	Watch the Oak National Academy clip about Sir Ernest Shackleton. Its is a Year 1 lesson but again it is very appropriate https://classroom.thenational.academy/lessons/who-was-sir-ernest-shackleton/activities/2		
Parent	This lesson retells the story of the explorer Sir Ernest Shackleton's fated expedition to Antarctica trying to get to the South Pole using original photos. It does have some sad parts in it, like when they have to kill their dogs and the fact that he died of a heart attack. So you might want to support your child in the understanding of these issues.		
Activities	*Paper based learning	** worksheet based activity or extraordinary home learning books	***Personal research
	To complete the activity of drawing a story map as outlined by Miss Harris in the video lesson.	Please fill in the writing frame about Shackleton, they might want to add some of the events from the timeline, facts from the fact sheet on the website and use vocabulary on the word mat which is also on the website.	Do some further personal research using a range of sites such as: https://easyscienceforkids.com/all-about-ernest-shackleton/ https://kids.kiddle.co/Ernest S hackleton
Parent	Take the quiz to see how much they have remembered from the story. https://classroom.thenational.academy/lessons/who-was-sir-ernest-shackleton/activities/3/view Can they compare the explorers that they have learnt about so far this term? Which one was their favourite? Why?
