

Geography Week 5	Maps and mapping		
Starter	This week we are learning about the oceans. Please watch the narrated power point as a starter .		
Parent	This week we are learning about the whole world. This week they are learning to name the 5 oceans. Ask them questions such as: What oceans are on the coast of the United Kingdom? Have they ever been to any of them? What do they remember? Have any family members or friends ever sailed on the oceans? Which ocean would they most like to find out more about?		
Activity	* Internet based activity Play any of the games found on BBC bitesize but start with the map icon, to reinforce the knowledge of the continents learnt last week https://www.bbc.co.uk/games/embed/education-ivor-pirate-rabbits?exitGameUrl=http%3A%2F%2Fbbc.co.uk%2Fbitesize%2Farticles%2Fz6vyf4j	** Worksheet based activity Complete the worksheet on the website to label the oceans. Can they use their position and direction vocabulary to discuss voyages across the oceans to continents?	***Personal research Do some independent research to find out any facts about a particular ocean that they are interested in. They can write these in their extraordinary home learning books or present them in any way they wish.
Parent	If they would like to enjoy a song about the oceans please go to https://www.youtube.com/watch?v=X6BE4VcYngQ again it is American, but quite enjoyable.
