

GIRAFFE

The giraffe is the tallest living mammal that lives on land. It is around 5-6 metres tall.

The giraffe has an extremely long neck which can be up to 2 metres long in fully-grown adults.

Giraffes usually live in savannahs, open woodlands and grasslands.

Did you know?

Like camels, giraffes can go for long periods without drinking water.

Giraffes use their long necks to eat the leaves at the top of trees where they are more nutritious.
