

Recognise a third

$$\frac{1}{3} \text{ of } 9 =$$

Can you use these to solve a $\frac{1}{3}$ of 90?

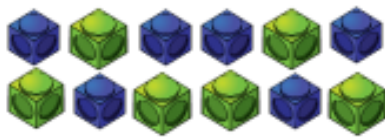

$$\frac{1}{3} \text{ of } 24 =$$

$$\frac{1}{3} \text{ of } 30 =$$

$$\frac{1}{3} \text{ of } 18 =$$

$$\frac{1}{3} \text{ of } 27 =$$

 Use the cubes to make three equal groups.

There are ____ cubes altogether.

One third of ____ is ____

of ____ is ____

 Rosie is organising her teddy bears.
She donates $\frac{1}{3}$ of them to charity.
How many bears does she have left?
